

WALTER ANDERSON MUSEUM *of* ART

LESSON PLAN

WALTER ANDERSON WORD SEARCH

Walter Inglis Anderson was born in New Orleans, Louisiana in 1903. From his early years until his death in 1965, he spent the majority of his life on the Mississippi Gulf Coast observing and rendering through his art the flora and fauna of the region. The artist found the undeveloped coastal region of Mississippi and the barrier islands, especially Horn Island, to be ideal for close interaction with nature. Walter Anderson's paintings, drawings, murals, block prints, carvings, and writings of coastal plants, animals, landscapes, and people have placed him among the most compelling and singular artists of the 20th century.
